PROJECT TITLE

Digital Portfolio Website”

(A personal website to showcase skills, projects, and achievements)

AGENDA

- 1.Problem Statement
- 2.Project Overview
- 3.End Users
- 4.Tools and Technologies
- 5.Portfolio design and Layout
- 6.Features and Functionality
- 7.Results and Screenshots
- 8.Conclusion
- 9.Github Link

PROBLEM STATEMENT

Many students and professionals struggle to showcase their skills, projects, and achievements in a structured and appealing way. Traditional resumes often fail to highlight creativity and technical expertise effectively. A digital portfolio provides a modern solution to demonstrate skills, projects, and achievements interactively.

PROJECT OVERVIEW

This project is a **Digital Portfolio Website** designed using **HTML, CSS, and JavaScript**. It allows users to present their personal details, educational background, technical skills, projects, and achievements in an interactive and professional format. The portfolio is responsive, user-friendly, and visually appealing.

WHO ARE THE END USERS?

- Job seekers preparing for placements and interviews.
- Freelancers looking to attract clients with their skills and experience.
- Professionals who want to create an online presence.
- Students who want to showcase their academic and project work.

TOOLS AND TECHNIQUES

- **Frontend:** HTML, CSS, JavaScript
- **Version Control:** Git & GitHub
- **Designing:** Figma/Canva for UI planning
- **Hosting Platforms:** GitHub Pages / Netlify / Vercel

POTFOLIO DESIGN AND LAYOUT

- **Homepage:** Personal introduction and navigation.
- **About Section:** Education, skills, and background.
- **Projects Section:** List of projects with descriptions, screenshots, and links.
- **Contact Section:** Contact form and social media links.
- **Responsive Layout:** Works smoothly on desktop, tablet, and mobile.

FEATURES AND FUNCTIONALITY

- Interactive and responsive design.
- Smooth navigation with menus and links.
- Project showcase with images, descriptions, and GitHub links.
- Contact form for easy communication.
- Deployed online for global access.

RESULTS AND SCREENSHOTS

- Successfully built a working **digital portfolio website**.
- Enhanced presentation of projects and skills.
- Increased professional visibility for career opportunities.
- Screenshots of the homepage, about, project, and contact sections.

CONCLUSION

The digital portfolio effectively replaces traditional resumes with a modern, interactive, and visually engaging solution. It helps in personal branding, career growth, and professional opportunities by showcasing achievements in an accessible online format.
